

# 2023 Masters Series

## Round 3

## BOWRAL GOLF CLUB

Sunday 21st May 2023

Clear skies and an 11 degrees cool morning greeted the Hackers at Bowral with 19 players eventually starting after Pat and Shaun Bardsley were delayed due to a fallen tree over a road and the absent "Where's Wally". (Subsequent apology received as he didn't realise he had booked)

As predicted, the cold winds eventuated with frequent strong gusts and even some short bursts of light rain making the golf a little uncomfortable at times and due to the extra layers of clothing further restricting our usually fluent golf swings!!!!

Even though we played the White Tees with a Par 68, 113 Rating, the golf course was quite challenging as most of the scores indicate.

The fairways were clearly defined and in good condition although a little damp under the surface and the first cut rough was not overly penal but preferred lies through the green was in play.

There were very few bunkers on the course but enough trees to navigate on many holes and some difficulty in finding balls among the beautiful Southern Highlands Autumn leaves at times.

The real challenge was on the greens which are relatively small, some saucer shaped, and with a pretty true surface although the ball just seemed to roll on and on. There were also some sanded areas from animal or bird damage on a few greens.

The raging log fire in the Clubhouse was welcome, however, there were limited catering facilities available.

With the slightly delayed start the Apprentice Competition finaliser (TP) was moved back to the fourth group (not ideal and won't happen again) and while he was fairly confident he knew what he was doing there was a minor glitch in the computer system which required some quick manual score checks to finalise the Skins and Team event and unfortunately all this delayed the presentation longer than hoped.
