THE 2023 MASTERS SERIES

Camden Lakeside - 5th February, 2023

The first round of the second Masters Series was played in spectacular weather – sunny, hot and no wind and we could not have asked for better conditions, but even that didn't help many of us who struggled with the superb conditioning of the final, re-vamped and tough Lakeside layout.

That is most of us except Colin Iles who savaged the course with a super 39 points including 2 wipes to take out the individual prizemoney and also backing up for a win in the Group Aggregate, the Secret Six and the Survival Ball to record his best result to date on a Hackers outing. Well played Colin!

The course is a credit to the designers and the staff. It is visually stunning, very tough and with penal rough and hazards. We started on the 11th hole (the old 10th) and recognised very little from the old course. We played from the Gold Markers (Teal for the Ladies) which were forward (Slope 124) and I could only imagine I would need many more strokes to take on the blue or black tees. I found it necessary to prefer only two lies in 18 holes and, even then, it wasn't really sitting all that badly. The huge greens are hard, fast and guarded by mounds and well placed bunkers making short putts hard to achieve and there is plenty of water.

All in all it was a very pleasant experience, a great day out and, I for one, will return for another crack at it sometime.

Full results as follows;
